Cardinal Gibbons Passes Away.

Cardinal Gibbons died at the Archepiscopal residence in Baltimore on Thursday from a prolonged illness which affected his heart in his 87th year. Death came at 11.33. Thursday morning and in his last hours the papal blessing was received by cable from Rome from Pope Benedict.

He was born in Baltimore July 23, 1834. His parents returned to Ireland and after his father's death he returned to America with his mother, making his home in New Orleans. He graduated from St. Charles College, at Ellicott City, Mo. and St. Marys' Seminary, in Baltimore and was ordained a priest in 1861, and shortly after was placed in charge of St. Bridget's Church in Canton, a suburb of Baltimore. Archbishop Spaulding took him to the Cathedral as Secretary and made him chancellor. August 16, 1868 he was consecrated a bishop in the Baltimore Cathedral and assigned to North Carolina. In 1872 he was promoted to the See of Richmond, Va., and in 1877 was made Archbishop of Baltimore and in 1886 became Cardinal Gibbons. He was devoted to his country and the cause of good citizenship and uplift of mankind. Once in response to a personal tribute, he said: "One merit only can I claim, and that is an ardent love for my native country and her political institutions. I consider the republic of the United States one of the most precious heirlooms ever bestowed on mankind down the ages. It is the duty and should be the delight of every citizen to strengthen and perpetuate our government by observance of its laws and by the integrity of the public life."

New Y. M. C. A. Building for College

SECOND MILE OVER $100,000

STUDENT BODY SENT DRIVE OVER ITS EASTER MARK.

Now Comes the Hard Drive for the Million Dollars for Gettysburg College by Commencement.

Gettysburg College is reflecting the spirit of two important events in its history. Rev. J. B. Baker, D.D. Generalissimo of the Second Mile Drive for a million dollars for the college had fixed his aim at $100,000 by Easter. The aim was sure and the drive hit the bull's eye. The college boys themselves pledged over seven thousand dollars at a mass meeting last week to send the sum to the aimed-at amount.

Dr. Baker has been accomplishing wonders in this day of many drives. He has put pep and enthusiasm into the Lutheran world to come to the support of its oldest college, he has put pep and enthusiasm into the alumni: most of the classes have given him volunteers to roll up contributions from each class. He has put pep and enthusiasm into the student body and they will go to work for the cause. The appeal has gone out along every available line along which work can be done and the fruits of that work will be a harvest that will be gathered as the fields are garnered in the next ten weeks, for the remaining four hundred thousand dollars, and as much more as the fields will yield. There is to be a greater Gettysburg College. It is on the way.

Another proof that it is on the way is the fact that the construction of the new Weidensall Y. M. C. A. Building will start as soon as building operations can begin. The architect's drawings of the finished building can be seen in the above picture. It will be a noble addition to the buildings on the campus and the aim will be to have the work on this building rapidly advanced. Half of the money to pay for this structure has been raised by the Woman's League of the College located in a dozen communities and the other half is the gift of the Y. M. C. A. of the United States. It will provide the students with many of the necessities of college life which they have not enjoyed in any degree of fulness, and the building of this structure will be an impetus upward of everything connected with the college and upon which it depends.

Two Boys Confess to Barn Burning.

George D. Snyder, aged 19, and Harvey W. Snyder, aged 17, brothers and sons of Mr. and Mrs. Lewis Snyder, are in jail as confessed barn burners. Several weeks ago the barn of Arthur Shields burnt to the ground. An automobile was lost in the fire. Two nights later the barn of Alexander Collins, grandfather of the boys, was discovered on fire but was extinguished by the family. Later however it was fired again and was completely destroyed with its contents. A horse was so injured by fire it had to be killed. The fires were evidently the work of incendiaries and the State Police had little trouble of finding enough evidence to place the blame on the Snyder boys, who at once admitted their crime and gave as their excuse that they wanted to make their parents move to town. When arraigned before Justice of the Peace Hill, they made their confession a matter of record, after being warned, and their case will likely be disposed of at an early court.

All Ready for Street Paving Bill.

At a special meeting of the Town Council on last Friday night, the final ordinances were passed for the paving of Baltimore and Carlisle Streets and the ordinances and contract will be sent to the Highway Department. The Department will open bids next week and everything looks favorable for a bid that will be acceptable, so that the work can begin and be pushed to a finish this year.

Total	$ 115.00
Previously acknowledged	4127.50
	$ 4232.50

There are other funds in sight that will bring this total safely over $4300 but there is going to be a vacancy to going over the top unless a little more push is given where there has been little of that element up to this time.

This week the P. O. S. of A. Camps of Adams County made the Hospital a donation of $251 and a room on the first floor will be named the P. O. S. of A. Camp of Adams Co. Room.

Dr. A. C. Rice, of McSherrystown, was elected president of the Annie M. Warner Hospital Medical Staff at a meeting held in the Hospital at Gettysburg last Thursday afternoon for the purpose of effecting a permanent organization. GETTING READY FOR COURT

THE JURY COMMISSIONERS AND SHERIFF DRAW JURORS.

For April Court on the Fourth Monday of the Month—Criminal and Civil Cases for Trial.

Sheriff John W. Hartman and Jury Commissioners J. T. McIntire and G. R. Haverstock on last Saturday drew from the jury wheel Grand Jurors and Petit Jurors for the April court on April 25th. These jurors are drawn thirty days before the court at which they serve. No woman jurors were put in the wheel last December when the wheel was filled, so Adams county will see no woman jurors in 1921. It is likely the Legislature may make some declarations before adjournment which will help court to arrive at the proper course to follow. There has been differences of opinion throughout the State, in some counties women jurors have already appeared, in others there has been no change from the old male way.

The April court will dispose of a number of interesting cases, the two young boys, confessed barn burners, and other offenses.

NEWS FROM M. E .CONFERENCE

All Adams County Ministers Have Been Returned for Another Year.

The Central Pennsylvania Conference of the Methodist Episcopal Church, to which Adams county belongs, met in Williamsport, Pa., last week on Thursday and adjourned on Monday, and no changes were made in the assignment of any of the Methodist churches in the county. Some of the interesting points of the conference are the following: More than 8,000 conversions and a net increase or about 4,000 in membership was reported by the four district superintendents of the Central Pennsylvania Conferences of the Methodist Episcopal Church. Large increases in centenary gifts were also reported.

Rev. Edwin A. Pyles, superintendent of the Williamsport District, reported 2,000 conversions in the year with a membership gain of 500. The Harrisburg District, Rev. E. R. Heckman, superintendent, reported 2,452 conversions and a gain of 994 in membership, while the Altoona District Rev. Emory M. Stevens superintendent, announced 2,400 conversions and a net increase of 1,200 in membership.

The report of the Sunbury District was presented by Rev. J. E. A. Bucke. of Hazleton, and showed 1606 conversions and a membership gain of 792. Mr. Bucke was appointed by Bishop McDowell as superintendent of the Sunbury District, to succeed Dr. John S. Souser, who is ill in Hazleton and requested to be retired from the active list.

A resolution urging the passage by the state legislature of the Martin bill for the enforcement of prohibition and repeal of the Brooks license law was adopted, together with a petition urging the governor to use his influence in support of the measure.

The conference was thrown into great excitement when Rev. David D. Kauffman, Waynesboro, collapsed in the pulpit while preaching the conference missioary sermon and plunged forward from the pulpit onto the reporters' table. After a short time he was revived and insisted upon finishing his discourse on "The Debt of the Christian to the Church."

The four pastors who have been serving the Methodist churches in Adams county were all returned to their respective charges for another year by action of the Conference. Rev. Harry Daniels at Gettysburg and New Oxford charge, Rev. Samuel Strail at Littlestown Rev. Butts at Orrtanna, and Rev. A. J. Martin at York Springs.

"Do It Now" Is Good.

We are indebted to Col John P. Nicholson for the following clipping which speaks a true word in a true way and which we reproduce for the benefit of our readers as a worth while message at all times.

Do It Now.

If with pleasure you are viewing any
work a man is doing,
If you like him or you love him.
tell him now;
Don't withhold your approbation till
the parsons makes oration
And he lies with snowy lilies on
his brow.

For no matter how you shout it, he
wont really care about it;
He won't know how many tear-
drops you have shed.
If you think some praise is due him.
now's the time to slip it to him,
For he cannot read his tombstone
when he's dead.

More than fame and more than
money, is the comment kind and
sunny
And the heatty, warm approval of
a friend;
For it gives to life a savor. and it
makes you stronger, braver,
And it gives you heart and spirit to
the end.

If he earns your praise. bestow it; if
you like him. let him know it;
Let the words of true encourage-
ment be said;
Do not wait till life is over and he's
underneath the clover,
For he cannot read his tombstone
when he's dead.

Battlefield Dedications Postponed.

The three handsome bronze statues to Generals Geary. Humphreys and Hays, erected several years ago on the battlefield of Gettysburg, are not to be dedicated this summer, according to Judge Charles F. McKenna, chairman of the Pennsylvania Gettysburg Monuments' Commission, which erected the memorials. All preparations for the ceremonies were under way several years ago. when they were halted by the death of General H. S. Huidekoper, who was then head of the commission. It was hoped that the dedication would be held this year with a military display and an ambitious program.

Judge McKenna, stated recently, that it is his idea to have two more monuments erected, the one to General Crawford and the other to General Birney. Then all five will be dedicated in one celebration. The preliminary work, the casting of the statues and their erection will mean a delay of another year, however, so that it is very unlikely that any arrangements for a dedication can be made before 1922.

THE MODEL GUEST

"MY COUSIN James is coming to spend a week," anounced the landlady, "and I can't say I'm overjoyed. He's the most unsatisfactory visitor I ever saw. You can hardly get a word out of him. He isn't a bit like his brother Jeremiah, who is full of fun, and the best company imaginable.

"Your remarks show how little true greatness is appreciated in a moral family boarding house, where the damages are collected in advance," observed the star boarder. "In my opinion, James is the model visitor. If I had my own household. with a charming bride to pour the imitation coffee, and a vine and figtree in a jardiniere, I'd send a special delivery letter to James, asking him to come and stay for ten years or more.

"There's something restful and soothing about that gifted man. He never bothers anybody. No one has to waste precious moments entertaining him. It isn't necessary to discuss the weather predictions, or dig up a lot of statistics about the crops, in order to make James have a good time. You don't have to show him the old plush photograph album, and describe the ancestry of the melancholy effigies whose pictures appear therein. Nearly all visitors are bores. my dear Mrs. Jiggers, because they have to be entertained. Somebody has to sit up with them and thrash out last year's gossip. They have no initiative or referendum. They have no resources of their own. In order to have a pleasant visit, they need help.

"Your cousin James is a man after my own heart. I remember his last visit quite well. He came in the evening, and after supper he took a chair on the porch. Knowing he was a guest, I felt it my duty to entertain him in the conventional way. I dragged my chair close up to his and remarked that it was a pleasant evening, but the presence of a cloud bank in the northwest almost convinced me that there would be rain within twelve hours, in which case. I proceeded, there would be much jubilation among the honest old farmers. whose crops were suffering for moisture.

"James listened to my remarks and then looked at me. in a sad, reproachful way, as though he thought it a shameful thing that imbeciles should be at large. and then he took his chair to the opposite end of the porch without having said a word. I must confess that I felt like a counterfeit kopeck for a few minutes. but the more I considered the matter, the more I admired and respected that remarkable man.

"He used to go downtown every morning and buy a paper backed novel, or a fiction magazine, and then he'd read it all day. and when he was done with his literature he left it where the boarders could get it. I didn't hear him say ten words during his visit, yet you say. Mrs. Jiggers. that he is an unsatisfactory guest. GETTYSBURG EVIDENCE FOR GETTYSBURG PEOPLE

The Statements of Gettysburg Residents Are Surely More Reliable Than Those of Utter Strangers

Home testimony is real proof.
Public statements of Gettysburg people carry real weight.
What a friend or neighbor says compels respect.
The word of one whose home is far away invites your doubts.
Here's a Gettysburg statement.
And it's for Gettysburg people's benefit.
Such evidence is convincing.
That's the kind of proof that backs Doan's Kidney Pills.

Geo. E. Stover, 147 Hanover St., says: "About a year ago I had trouble with my back and kidneys. There was stiffness and a bearing-down ache just over my hips. My kidneys acted too often after the slightest cold. I heard of Doan's Kidney Pills and got some at the People's Drug Store. Doan's quickly gave me fine benefit. I haven't had to use any kidney medicine since and I believe the results are permanent."

Just As You Say, Mr. Farmer!

When you come in and ask us what we suggest you do with the proceeds of your sale notes (we will turn them into cash for you) we'll gladly respond, and then let you decide for yourself.

There are a few main points that we'd like to bring out right here so that you will have opportunity to think them over.

In the first place there is Adams County and its interests. Are we right in assuming that everyone wants to help local progress? We'll say yes.

Well, local progress requires that there be plenty of money available for the needs of Adams County farmers, dairymen and fruit-growers, at planting time and harvest--and all the time between.

Those who have surplus money, such as that which comes from sales, naturally want it to earn interest but they want it where they can get at it when needed.

By depositing it in the Savings Department at the Old First National of Gettysburg they fulfill everyone of these suggestions. In the first place their money is *safe* and that *is* the first requisite. It is earning interest at 4 per cent, compounded May 1 and November 1. It may be withdrawn without advance notice when needed.

Then, from the standpoint of local progress, the surplus funds of all residents of the County, put to work in this way *in* the County is what makes the greatest part of the entire surplus available for local development.

But, as we say above, it's just as *you* say when you come to us for suggestions and advice as to how to invest your money.

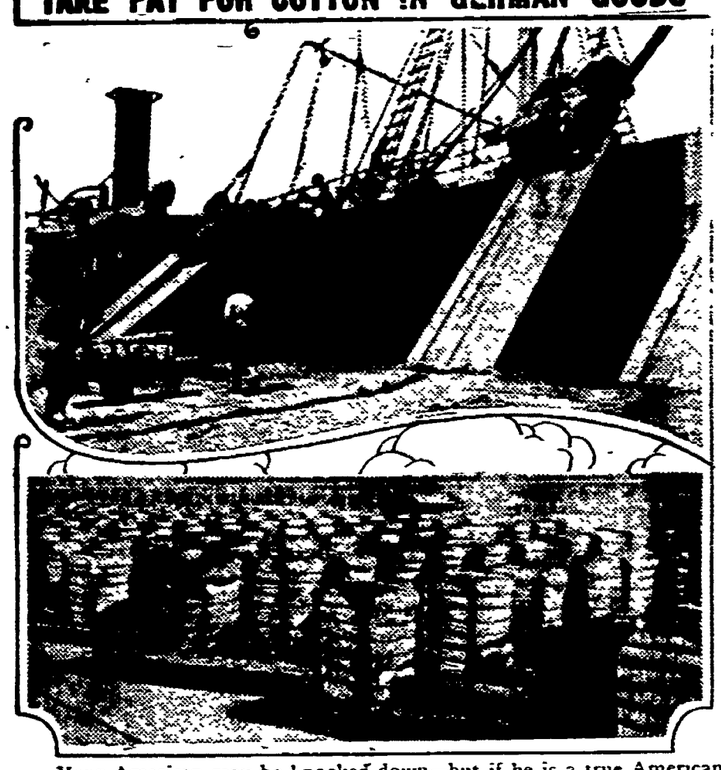
TAKE PAY FOR COTTON IN GERMAN GOODS



Your American may be knocked down—but if he is a true American he won't stay down. Cotton growers of Mississippi have shown themselves to be true Americans and are leading the way for all American agriculturists. Cotton growers of the Delta region in Mississippi have organized and are shipping cotton to German mills at 20 cents a pound. Not only that—they are taking their pay in German goods—then cooperating with German manufacturers in marketing the goods to needful central European nations. The cotton growers receive two-thirds of the goods manufactured—the German mills operating on the one-third margin. Other American cotton growers in Southern states are following the Mississippi plan. Pictures show loading boat at New Orleans with Mississippi cotton for export to Germany; thousands of bales of cotton in the South which will be better soon at 20 cents than laying in the weather until it will be worth less than 5 cents a pound.

Twins Seventy-third Birthday.

A very unique birthday celebration was held on St. Patrick's Day at the home of Mrs. Cleopha Sheeringer, near this place, when she and her twin sister, Mrs. Veronica Lawrence were entertained at a sumptuous dinner in honor of their seventy-third birthday anniversary. They, with their two sisters, Mrs. Salome Fleshman and Miss Rosalie Marshall, are the four surviving daughters of the late Mr. and Mrs. Francis Marshall who resided near New Oxford.

Miss Isabelle Schlosser who is attending the Peabody Institute in Baltimore, has returned home for a few days.

Eggs have got another drop in price—down to 18 cents—which is unusual for the Easter trade, but our farmers and poultry men should not get discouraged at that as the price of feed has also dropped lower during the last month.

The funeral of Mrs. Susan Hershey held here last Wednesday, was largely attended by her relatives and many friends.

Schools Are Making Filipinos An English Speaking Race

This is the type of schoolroom that is rapidly making an English speaking nation out of the 10,500,000 inhabitants of the Philippines.

If a teacher in a public school in the Philippines desires to punish a child, she doesn't have to apply the ruler. She simply sentences the offending pupil to remain away from school a few days!

This is the most severe punishment she can inflict, for Filipino children take an almost abnormal pleasure in going to school and acquiring an education. The all-Filipino legislature, in response to the popular demand for "schools, and still more schools," is constantly increasing its appropriations for education, but the schools can scarcely be constructed fast enough to care for the ever-increasing enrollment. The school enrollment is now 892,000 without any compulsory attendence laws. When Dewey sailed into Manila Bay there were 2,100 private schools in the islands. Today there are 6,500 schools and colleges, with 17,000 Filipino teachers and about 1,000 other teachers, 341 of whom are Americans.

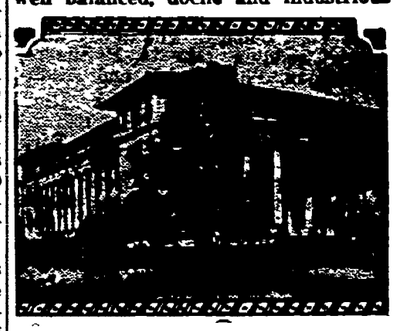
The University of the Philippines is the center of learning of the entire Orient, and is the pride of the Filipino people. It has an enrollment of 3,500 students. Santo Tomas university of Manila, older than Harvard, is another famous seat of learning.

The school system includes normal schools, agricultural colleges, twenty-seven farm schools, a nautical school and a school for the deaf and blind.

The Filipino pupil, in addition to learning English and in addition to his regular studies, learns basket making, embroidery and hat weaving. the trades peculiar to the islands. as well as the domestic sciences and pedagogy. There are more positions than can be filled by the trade school and commercial college graduates. The trade and agricultural schools produced $1,176,850 worth of goods in 1919.

There is nothing that the Filipino people take more pride in and that they are more grateful to the United States for, than their school system, which has been declared by many competent critics to be one of the finest in the world. While the system was implanted in the islands by Americans, every cent of the cost has been cheerfully borne by the Filipino people. The schools are making an English speaking race of the Filipino nation. English is the official language, and it is declared will continue to be when independence is granted.

"The Filipino boys and girls are well balanced, docile and industrious



University of the Philippines which Has an Enrollment of 3,500 Students.

pupils," says Junius B. Wood, who was sent to the islands by the Chicago Daily News to investigate conditions there. "To attend school is a privilege to a Filipino child or young man, not an unwelcome duty. In the cities those who work days go to school at night.

"Today there is hardly a barrio where youngsters cannot be found who speak English. One-third of the house of representatives and eighteen of the twenty-four senators speak English. In the next election, in 1922, the young men of the new schools will be stepping into control, and the first great goal of the public school system will have been reached."
